I. Getting Started

Introduction

The NextGen Case Management/Electronic Case Files (“CM/ECF”) system is an electronic filing system used to electronically file documents with the Court. The steps outlined in the manual must be followed when opening a case or filing documents electronically with the Court.

The Public Access to Court Electronic Records (“PACER”) system is an electronic public access service that allows users to perform queries, run reports and view documents from federal courts via the internet.

NextGen CM/ECF Hardware and Software Requirements

The hardware and software needed to electronically file case documents include the following:

- A personal computer running a standard platform such as Windows or Macintosh
- A PDF-compatible word processor like Macintosh or Windows-based versions of WordPerfect or Word;
- Internet service;
- A web browser that supports 256 bit encryption. All are free downloads;
- Software to convert documents from word processor format to portable document format (PDF). Adobe Acrobat is recommended. Adobe Acrobat version 6.x and above, adequately meet the CM/ECF filing requirements;
- Adobe Reader, which is available free, is needed for viewing PDF documents; and
- A scanner may be necessary to create electronic images of documents that are not in your word processing system.

How to Register to Use the NextGen CM/ECF System

The next generation (NextGen) of CM/ECF provides a new logon module that allows you to use your PACER account to access PACER and any NextGen court in which you are allowed to file. To activate this feature, you must have an upgraded PACER account (see [Register for a PACER account](#)). If your PACER account was created prior to August 2014, you must upgrade it (see [Upgrading Your PACER account](#)). Existing CM/ECF filers will need to link their current CM/ECF account to their upgraded PACER account to file documents with Court. Linking these accounts is a one-time process that can be completed on or after March 16, 2020 (see [Linking your CM/ECF Account to your Upgraded PACER Account](#)). If you are an attorney admitted to the Court and do NOT have a CM/ECF account and wish to file documents with the Court, you will need an upgraded PACER account and submit a request thru PACER Service Center. (see [Attorneys Requesting Filing Access](#)).

Free Looks and Notices of Electronic Filing

If you are served with a document via a Notice of Electronic Filing from the CM/ECF System, you are entitled to one 'free look' at the document being served. During this free look, you may print and/or save the document to your computer for future use. If you attempt to access the document through the system again, you will be asked to login and be subject to PACER access fees.

Helpful Hints/Warnings When Working with the CM/ECF System

The following information will assist you while working with the CM/ECF software:

- ▶ Be careful not to place the cursor on any portion of the border while you are working in the CM/ECF system. If the cursor hits the border of the screen while you are working to input case information, the system will wipe out the information before you have a chance to save it.
- ▶ Keep the screen maximized while you are working.
- ▶ When adding individual names or business titles, be sure to type the first letter of the first and last names in capitals. The program is case-sensitive when you add names/titles. However, the system is not case-sensitive when searching for a name or business.
- ▶ While entering case information, if you return to a previous screen to make changes, you will need to re-enter all information after the changes because the system will wipe out previously entered information once you leave the entry screen.

III. Basic User Information

Add/Create a Party in the CM/ECF System

When the party for whom you are filing does not appear in the CM/ECF system, you need to add or create a party. Type in the first three characters of the party's business name (do not worry about capitalization) using a wildcard (*) before and after the three characters, for example, "*IBM*." The system will generate all the entries with the characters you typed. If the party's name does not appear among the list of entries, then add the party's information using the official style and abbreviation standards. (See the Appendix for copies of standards.)

Tip: Do not type in the complete party/business name since the system may already contain the party/business name but with a slight variation, for example, I.B.M. Corporation may be entered into the system as IBM Corp. If you typed in the full name I.B.M. Corporation, the system may respond that *No Parties were Found* since the typed entry did not match the system's entry.

Attorney Associations in CM/ECF

When prompted in CM/ECF to create *attorney associations*, it is recommended that you check the box. This action will create a link in the system between the attorney and the case. It will also add the attorney to the ECF event filing notification list for all parties associated with a case. Failure to check this box may result in failure to properly notify attorneys of case-related events.

III. Basic User Information for Working with the ECF System (continued)

Bulky Document Standard (BDS)

The Bulky Document Standard (BDS) (see the Appendix for the guidelines) for the electronic filing of documents on the Court's CM/ECF system limits the size of documents filed electronically.

Users may not file any document that is larger than 50MB on the Court's CM/ECF system.

Exceptions to the BDS include the following documents: Summons, Complaint, Answer to Complaint, and Briefs (opening, response, reply) in the following: Motion for Summary Judgment, Motion for Judgment on Pleadings, Motion for Judgment on the Agency Record (1581(c)), Motion for Judgment on the Agency Record (all other Jurisdictions); and Motion to Dismiss.

Excepted documents greater than 50MB **shall** be logically divided with a description of the divisions. No division of a document shall exceed 50MB.

Example: Assume a motion is filed and exceeds the 50MB limit. Divide the motion into logical divisions, making sure that each division is less than 50MB. Name each division, for example, Motion Parts A-C and Motion Parts D-E. Enter the first division as the main document and enter the remaining divisions as attachments to the main document.

Exhibits that exceed 50MB must be filed in the same manner as documents.

Example: Assume a motion is filed with three exhibits. Treat the exhibits as individual attachments and add each one separately. Name each exhibit, for example, Exhibit 1 (with a brief description), Exhibit 2 (with brief description) and Exhibit 3 (with a brief description). If the individual exhibit exceeds 50MB, then divide each Exhibit and label it accordingly, for example Exhibit 1 Parts A-C and Exhibit 1 Parts D-E.

Note: See IV. Working with Adobe Acrobat and Portable Document Format (PDF) for directions on how to add attachments.

To determine how many MB your documents are, the following information may be helpful:

Correcting Mistakes

If you have to correct a mistake while entering information into the system, use the browser [Back] button to return to a previous screen to correct the entry. Correct the information on the screen.

Hit in order for the change to take effect and continue on to the next screen.

Please note that using the browser [Forward] key to advance to the screen where you left off after making the correction will not save the edited information. You must hit on the screen where the information was changed before proceeding to subsequent screens.

Also, once you return to a previous screen to correct a mistake, all information entered after the mistake is lost. Therefore, you will need to re-enter the information. It is highly recommended that mistakes are corrected once they are discovered rather than submitting incorrect docket entries and/or documents. If you do submit an incorrect document and/or docket entry, you will need to refer to *Administrative Order No. 02-01* for the necessary steps to correct the entries.

Physical Exhibits or Items

Any physical exhibit or item that cannot be converted to PDF format must be filed manually in accordance with the Rules of the Court, including Rule 80(h) (Form 23 Certification of Filing and Service of Physical Exhibit or Item) and Administrative Order 02-01 (CM/ECF Form 10 Notice of Manual Filing).

Joint Filings

The option for joint filings will appear with every motion regardless of relevance. To establish a joint filing, complete the following steps.

1. Check joint filing on the first screen where the option appears;
2. Highlight all additional attorneys who have signed the filing;
3. Highlight all parties represented by the filing; and
4. **DO NOT** create any new attorney associations on this screen. Checking this box will create a permanent change in attorney/party association in the case. Only check the box to add yourself as an attorney to represent your client.

Important Note: A consent motion is not a joint filing. Therefore, please do not select this option if you are filing a consent motion.

Motions

Motions to Consolidate - Filers must make a docket entry for all cases involved.

Motions to Designate Test Case and For Suspension Thereunder - Filers must docket the motion for test case designation in the proposed test case, and docket the motion for suspension on all cases to be suspended thereunder.

Motions with Schedules - Filers must docket the entry in all cases involved. For the lead case, type in the free text box, “with schedule.” For those cases on the schedule, type in the free text box, “with *(lead court number)*.”

Notice of Electronic Filing Screen

Upon completion of a docket event, the last screen the system displays is the notice of electronic filing screen (see **Figure III - 1**) This screen is the receipt of the filing. To print out the receipt, select your browser's print function. To save the receipt on the hard drive, select **File** from the browser toolbar and select **Save Frame As** or **Save As** to identify the drive where the receipt will be saved. Rename the file in the *File name* box.

- While on the notice of electronic filing screen, Select the *Document Number*, for example, *1*, to access the PDF document associated with the filing; (**Note:** If you filed both documents and attachments, the system gives you access to both. Click the numbers under the column entitled *Part No.* to view the attachments or documents.)
- While on the notice of electronic filing screen, Choose the *Case Number*, for example, *1:07-cv-355*, to access the docket sheet. (**Note:** The docket sheet entry screen may appear first. If it does, then click to access the actual docket sheet.)

Uniformity on Filings

For the purpose of uniformity, the Court requests that all motions be filed with a proposed order preceding the motions (unless otherwise noted in individual Chambers' procedure policy).

Please make separate docket entries for all forms, and enter the forms into the system in numerical order. For example, make separate docket entries for a *Notice of Appearance* (Form 11), *Business Proprietary Information Certification* (Form 17) and *Notification of Termination of Access to BPI* (Form 18).

Technical Difficulty with Court's CM/ECF System

When a document cannot be filed electronically because of Court CM/ECF technical difficulties and not a technical failure with the filer's equipment or Internet connection to the system, the filer should print (if possible) a copy of the error message received and complete a *Declaration that Party was Unable to File in a Timely Manner Due to Technical Difficulties* (CM/ECF Form No. 11), available on the Court's website.

If a filer misses a filing deadline as a result of the Court's technical difficulties, the filer shall contact the CM/ECF Help Desk at 1-866-450-1859 or cmecf_helpdesk@cit.uscourts.gov to inform the Clerk's Office of the difficulty. Additionally, the party shall submit the untimely filed document in paper form, accompanied by a declaration, CM/ECF Form No. 11.

III. Basic User Information for Working with the ECF System (continued)

Z Motion and Z Document

In order to help filers meet a deadline when they cannot find the appropriate docket entry for the document they are attempting to file, the Court has created what is known as the “Z” motion and “Z” document. These entries appear as the last entries in their respective categories.

The following criteria must be met before a filer may use “Z” motion or “Z” document entries.

1. The filer cannot locate a suitable docket entry description in the CM/ECF system;

and;

2. The filing is due the day on which the filing is attempted;

and;

3. It is after the Court’s regular business hours (5:00 p.m. Eastern Time).

If it is during business hours of the Clerk’s Office, Monday to Friday 8:30 a.m. to 5:00 p.m. Eastern Time, the filer must call the CM/ECF Help Desk at 1-866-450-1859 for assistance.

If a filer uses the “Z” motion or “Z” document, then he/she must fully describe the document being filed and attach a copy of the document to the entry in order to preserve the filing date. Furthermore, when a filer uses a “Z” motion or “Z” document, the filer shall call the CM/ECF Help Desk at 1-866-450-1859 by 12:00 noon (Eastern Time) of the first day on which the Court is open for business after the “Z” motion and/or “Z” document was filed. The filer will be asked to provide the court number, the electronic filing date and the document number of the “Z” entry. The Clerk’s Office will correct the entry. No “Z” motion or “Z” document shall be left as the permanent entry in the CM/ECF system.

Filers should never use a “Z” entry when there is a suitable system entry for the document they are filing. Excessive and/or inappropriate use of the “Z” entry is discouraged and the Clerk’s Office will address the matter with the individual filer.

IV. Working with Adobe Acrobat and Portable Document Format (PDF) and Guidelines to Scan Documents

Only PDF documents may be filed with the Court using the CM/ECF system. Therefore, before you login to begin your filing session, please make sure you have converted your documents to PDF format. We do not recommend converting documents while attempting to file them. If you interrupt your filing session to convert a document to PDF format, you risk losing your filing data.

To guarantee accurate filing, please view the PDF document before filing it to ensure that it appears in its entirety and in the proper format. Verifying the document beforehand will prevent you from filing incorrect documents. Also, please be aware that the CM/ECF system will not accept PDF files that have the password security feature activated.

Although the Court prefers that PDF documents uploaded to the CM/ECF System be converted directly from the original word processing document, it is not always practical or feasible. If you must scan a documents for filing, please follow these guidelines:

- scan the documents at no more than 300 dpi(dots per inch);
- make the PDF document text searchable.

Filing Motions as One Document or Multiple Documents

When filing a motion as a docket entry, the Court recommends filing the motion, proposed order, memorandum and certificate of service, if any, as **one document**. However, the Court will accept the motion as the main document with supporting documents (proposed order, memorandum and certificate of service) as attachments.

IV. Working with Adobe Acrobat and Portable Document Format (PDF) (continued)

How to Attach a PDF Document

All files must be in PDF format with a .PDF extension in order for you to file your case-related documents. Please Note: The system will not let you advance to the next screen unless you have selected a document to file. If you attempt to upload a non-PDF file, or to make a standard docket entry, you will receive an error message.

1. Click to select the drive and directory path, for example, *C:\199cv501-21.pdf*, where the document to be filed is located (see **Figure IV - 1**). The file upload dialogue box will appear.

V. Filing and Viewing Confidential Documents

Unless otherwise ordered, the Rules of the Court and Administrative Order 02-01 establish the guidelines and procedures for filing and viewing documents containing confidential information. Documents containing classified information must be filed non-electronically.

Requirements and Guidelines for Filing and Viewing Confidential Documents

- ▶ If you are an attorney who intends to file and view confidential documents, you must be registered as a Confidential Information Filer. If you are a new attorney, you must submit a CM/ECF Registration form and indicate you wish to be a Confidential Information Filer. If you are already registered as a CM/ECF Filer, you must submit a Request for Change in Information form and indicate that you wish to be a Confidential Information Filer. Both forms are available on the Court's website.
- ▶ If you are served with a confidential document via a Notice of Electronic Filing from the CM/ECF System, you are entitled to one 'free look' at the document being served. During this free look, you may print and/or save the confidential document to your computer for future use. If you attempt to access the confidential document through the system again, you will be asked to login and be subject to PACER access fees.
- ▶ As a Confidential Information Filer, you must change your password at least once a year. Failure to do so will result in termination of your ability to file documents and termination of your access to confidential documents until your password is changed or you request to no longer be registered as a Confidential Information Filer.
- ▶ As a Confidential Information Filer, you must appear as counsel of record in each case you wish to file and view confidential documents. If you are a non-government attorney, you must either be listed on the Summons or a Form 11 Notice of Appearance. If you are a government attorney, you must file a Form 11 Notice of Appearance.
- ▶ In 1581(c) cases, non-government attorneys must be listed on a Form 17 Business Proprietary Information Certification while government attorneys must be listed on a Form 11 Notice of Appearance. In all other cases, your access to confidential information must be granted by a Judicial Protective Order.
- ▶ You must meet all of the above requirements before the Clerk's Office will enable your access to both file and view confidential documents in a case.
- ▶ If you no longer wish to be registered as a Confidential Information Filer, you must submit a Request for Change in Information form. Upon receipt, the Clerk's Office will terminate your access to file and view confidential documents in all of your cases.

V. Filing and Viewing Confidential Documents (continued)

- ▶ Your access to filing and viewing confidential documents will be terminated upon the filing of::

1581(c) cases:

- Form 18 Notification of Termination of Access to Business Proprietary Information
- Form 18A Notification of Termination of Government Access to Business Proprietary Information

All cases:

- Order from a judge
- Form 14 Joint Notice Regarding Termination of Access to Confidential Information
- Notification that an attorney is no longer with the firm/agency listed on their CM/ECF account.
